ANNUAL REPORT

for the

TOWN OF BEDFORD, NEW HAMPSHIRE

for the Year Ending December 31, 1998

TOWN ELECTED OFFICIALS

COUNCILORS

Paul Goldberg, Chairman	2001
Dick Como	2001
Dave Danielson	2000
Edward Moran, Jr.	1999
Jeanene Procopis	2000
Thomas Riley	2000
Dick Stonner	1999

TOWN CLERK/TAX COLLECTOR

Edith P. Schmidtchen	1999
----------------------	------

MODERATOR

Eugene Van Loan, III	2000
----------------------	------

SUPERVISORS OF THE CHECKLIST

Betty Folsom, Chairman	2000
Norma Sedgwick	2004
Dorothy Witzel	2002

TRUSTEES OF THE TRUST FUNDS

David Matta, Chair	2001
Loyd Dollins	2000
Roy Stewart	1999

LIBRARY TRUSTEES

William Wickham	2001
Parsons Richmond	1999
Robert Brooks	2000

APPOINTED OFFICIALS

Assessor	Don Ingalls
Assistant Treasurer	Janet Jesperson
Building Inspector	Bill Hallock
Environmental Coordinator	Steve Crean
Executive Assistant	Martha Gaudes
Finance Director	Keith Hickey
Fire Chief	Joseph Clow
Library Director	Frances Wiggin
Police Chief	David Bailey
Planning Director	Karen White
Public Works Director	Ed Kelly
Recreation Director	Brian Ross
Town Manager	Catherine Debo
Treasurer	Richard Larson

STATE ELECTED OFFICIALS

Governor Jeanne Shaheen
U.S. Senators Judd Gregg & Robert Smith
U.S. Reps. John Sununu and Charles Bass
Executive Councilor Thomas Colantuono
State Senator Sheila Roberge

REPRESENTATIVES TO THE GENERAL COURT

Peter Bergin
Kathleen Flora
Maurice E. Goulet
Edward Moran
D.J. Withee

TOWN OF BEDFORD BUDGETARY TOWN MEETING MINUTES MARCH 4, 1998

The annual Budgetary Town Meeting was held on Wednesday, March 4, 1998 at the Bedford Town Hall. Present were Councilors Richard Como, David Danielson, Paul Goldberg, Edward Moran, Jeanene Procopis, Thomas Riley and Richard Stonner. Also present was Town Manager, Artherline Robersen and her successor Catherine Debo. Also present was Edith Schmidtchen, Town Clerk/Tax Collector and Keith Hickey, Finance Director.

Moderator Eugene Van Loan III opened the meeting at 7:05 PM. and reviewed the rules of procedure for the meeting. There were approximately 100 people in the audience.

Chairman Goldberg said "The Town is in a state of transition. In 1991 a new Town Manager came to Town, Artie Robersen. Quickly she saw the group she was working with and got us all in line. I think we all see the results that Artie has done. When Artie came to Town, she did inform us that it was going to be of a duration of 6 to 7 years. We made her stay the 7 years, and I think she has done a splendid job. I know we are all going to miss her. I hope she comes back. We feel we have a worthy successor in Catherine that will also keep us steady and on track. At this time I think we all should give our thanks to Artie for the wonderful job she has done." A standing ovation was given. Mrs. Robersen thanked everyone and said "you all made it happen. I just orchestrate it. You all got it all together, said what you wanted, and we did it."

Article 4 - To see if the Town will vote to raise and appropriate \$500,000 in addition to the \$1.5 million already appropriated by affirmative vote by Article 3 of the 1997

warrant for the purpose of costs related to the final closure of the Chubbuck Road Landfill, and to authorize the Town Council to enter into financing under the State of New Hampshire revolving loan fund, and to take such other action as may be necessary to effect the financing as shall be in the best interest of the Town of Bedford, and pass any vote relating thereto.

Moderator Van Loan said this will be treated as a bond issue and will require a 2/3rds vote by secret written ballot. The polls will be open for one hour. A motion was made and seconded to Article 4. Mr. Goldberg said when we first went for the landfill closure, we had engineering studies done and estimates. When the actual prices came in for the landfill, they were higher than the estimate. One of the reasons was the estimates were done just as we were coming out of the recession when construction was relatively slow so the estimate was low. The additional \$500,000 will cover the cost plus it will allow us to get into the low cost financing through the state revolving loan system. It is something we need to accomplish this task. There was no discussion on Article 4. A motion was made, seconded and passed to close debate. The polls opened at 7:20 PM.

Article 5 - To see if the Town will vote to raise and appropriate such sums of money as may be necessary to defray Town charges for the ensuing year.

Town General Fund	\$8,857,415
Police Contract Work	300,000
Summer Day Camp Fund	71,026
BCTV Fund	45,000
Landfill Closure	500,000
Sewer Fund	870,552
Center Park Fund	<u>350,000</u>
Total Appropriation	\$10,993,993

Mr. Goldberg moved the budget article; motion seconded.

**Budgetary Town Meeting Minutes –
March 4, 1998 - Page 2**

Mr. Goldberg read a budget summary. "The 1998 Town Council proposed budget is driven by increased demand for services; the commitment to maintain tax rate stability; and our desire for maximum efficiency and productivity. We have been fortunate over the past few years to see substantial revenue increases or cost decreases offset the costs of infrastructure improvements like the Library, Safety Complex, Transfer Station, land acquisition and park development, and more than \$500,000 in increases for roads.

But, there are only so many efficiencies, and so much revenue available. We may be maximizing those revenues in the near future and if we are to continue to meet increased needs in areas like public safety while adding funds for the road and park programs, we must recommend a small tax increase of twelve cents to \$2.71.

To meet the increased needs from growth, there are some staffing changes. They include 2 firefighters to be partially offset by decreasing part-timers; 2 police officers to be phased with a COPS grants; one highway/park maintenance person; and 5 hours for animal management.

Four changes are shown in the Planning Department and are worthy of mention. There is \$100,000 to start a capital fund for traffic signals on South River Road, which will be the catalyst for a developers' impact fee to pay for the lights. There is \$33,000 from a Capital Reserve for the sidewalks from Macy's to the Manchester line on South River Road. There is \$60,000 to do the ten year master plan. Finally, the Administrative Assistant, formerly in the Town Manager's office, is being moved as the amount of plan review and zoning complaint follow up now requires two full-time people.

The Conservation Commission shows a \$200,000 increase which is offset by revenues resulting from the amount of current use penalties set aside for that purpose. \$123,000 was increased in the road rehabilitation account bringing the amount dedicated to the road program to \$737,000, and there is \$125,000 to continue the parks development.

The cost of additions to the budget are funded through other cost savings and new revenues. The largest reduction caused by a cost cutting efficiency is \$100,000 by changing the health insurance carrier. We plan to review Workers' Compensation and insurance billing of ambulance service in 1998 with hopes of similar results.

In the enterprise accounts, sewer payments to Manchester are up \$50,000 which is offset by the user fees because of the growth on South River Road. There is \$200,000 from sewer retained earnings to extend the line to Constance Street and an interceptor for Technology Drive, both of which will be reimbursed by users. Police Special Detail is up \$100,000 because of the anticipated costs and revenues associated with the reconstruction of the Back River Road intersection. We have moved BCTV to an enterprise account to assure it expends no more than the revenue from the cable contract, and fundraising efforts. Health insurance has been moved to one account rather than allocated to the individual departments because the new plan expenses are directly attributable to use, not a premium.

We will continue to look for efficiencies and alternatives like the insurance carrier to control our costs. But, we are also dedicated to assuring the Town is maintained as a place we all want to be by providing sufficient funds to meet existing and growing needs like police and fire protection, and continue those requested programs like the road rehabilitation plan and increased parks and conservation land."

**Bedford Budgetary Town Meeting Minutes-
March 4, 1998 - Page 3**

Moderator Van Loan read through the 1998 Council approved line items.

John Miville, Wallace Road, asked if the voters can have input as we go through the numbers. Moderator Van Loan said yes.

Town Council	\$ 96,660
Town Manager's Office	155,830
Elections and Registration	22,287
Town Clerk/Tax Collector's Office	142,513
Finance and Personnel Office	335,125
Assessing	51,250
Legal Expense	40,000
Planning Board	7,066
Zoning Board	2,325
Historic District Commission	1,635
Planning Department	312,625

Robert Thomas, 40 Elk Drive, asked why this has doubled. Mr. Danielson said some of this is in and out. There is a decrease in the Town Manager's Office because a personnel change was made from a person who was in the Town Manager's Office has now been assigned full time to the Planning Department. The Master Plan has come into its cycle, and this is the largest growth item of \$60,000. Sidewalks are \$33,000 for Route 3. This is in and out. In 1984 the Town appropriated specifically \$33,000 for sidewalks on the north side of Route 3. There is \$100,000 for signalized intersections. We have to put up \$100,000 for the engineering of lighted intersections on Route 3. That is so we can get ahead of the development on Route 3. This money will be paid back as developments occur.

Bob Everhart, 229 Pulpit Road, asked if the town has looked into grants. Mr. Danielson said this money refers specifically to the money the town appropriated for sidewalks on Route 3

in 1984. The other additional work also refers to Route 3. Because of the work the State will be doing at Kilton Road, that will be federally funded. Also monies for the South River Road/Back River Road intersection which will also have some federal monies as well as Town. Mr. Goldberg said the \$33,000 is already in the bank. That is an in and out item.

Ed Comiskey, 12 Three Corners Road, asked why are we putting sidewalks in and how will they be maintained. Mr. Danielson said the reason is that is where the 1984 Town Meeting said they wanted the sidewalks to be placed. The Route 3 corridor now comprises between 25 and 30% of all residential units in town. There has been a great increase in pedestrian traffic along Route 3. Maintenance is in the budget. Mr. Comiskey asked if this money is in the Public Works Department. Mr. Danielson said yes. Mr. Comiskey asked if this is on both sides of the road. Mr. Danielson said only on the Mall side. Mr. Comiskey asked if the signals that exist along there will be modified to include a walk signal. Mr. Goldberg said they are already set up for that. Mr. Danielson said there is \$25,000 in miscellaneous Public Works budget for a plow.

Town Hall	\$ 11,860
Building Maintenance	161,264
Public Safety Complex	261,180

Mike Scanlon, 15 Caron Road, asked what that is being spent on. Mr. Stonner said \$196,000 is the principal and interest on the bond for the building. It also includes electric, fuel, telephone, and maintenance. Mr. Scanlon asked what is the building maintenance above. Mr. Goldberg said we contract out for elevators, etc. and we tie all that maintenance together. Mr. Stonner said that is for all town property.

Cemeteries	\$ 41,525
Insurance	555,000

Bedford Budgetary Town Meeting Minutes- March 4, 1998 - Page 4
--

Mr. Goldberg said all the health insurance is taken out of the department budgets and put in one lump sum. By doing that we are self insured for the first part of the insurances, and as a result of that we saved \$150,000.

NH Municipal Association	\$ 6,500
Southern NH Planning Commission	9,044
Manchester Transit Authority	39,000
Town Publications	12,000
Compensation Adjustments	95,000

Mr. Comiskey asked what comprises this number. Mr. Goldberg said we are under a merit pay system. The raises based on the merit pay come out of that compensation adjustments. Mr. Scanlon if we budgeted \$95,000 last year and expended \$3,393 of it, why are we budgeting \$95,000 again. Mrs. Robersen said this is an accounting issue. You budget the amount in one account, and during the course of the year it is taken out and allocated to the individual budgets, so when you get done at the end of the year it looks like \$3,000 was allocated. What it really means is that \$3,000 was left over at the end of the year. The rest was allocated out as it occurred.

Unallocated Reserve	\$ 85,000
---------------------	-----------

Sue Holstein, 33 Ministerial Branch, asked if the unallocated reserve works the same way. Mrs. Robersen said yes.

Police - Administration	\$241,542
Police - Communications	247,388
Police - Patrol	982,182
Police Detectives	174,843
Police - Animal Control	16,992
Fire - Administration	98,338
Fire	724,125

Mr. Scanlon was unable to attend the budget meetings. This year we added 2 new patrolmen and 2 new firefighters. He is a volunteer on the Fire Dept. He is an EMT, and one of the concerns that many of them have is he is not sure if the people of the town are aware of the level of medical service they receive when they call an ambulance. A lot of people are under the assumption that a paramedic comes to your house. That isn't the case. They have 2 paramedics on the department, and are in the process of getting a third, but they are still understaffed as far as paramedics go. The things a paramedic can do over what an EMT basic can do is incredible. He would like to make a motion to add 2 more fire fighters to the budget with the understanding that we use at least 3 of these positions as hired paramedics to give the Town 24-hour paramedic service. That would be approximately \$40,000 per person. Mr. Scanlon made a motion to add \$80,000 to the fire budget to increase the staffing by 4, not 2 for the current year with the understanding that money is used to enhance and bring up the paramedic service to 4 men around the clock.

Moderator Van Loan explained this is in the format of a line item budget, but it really isn't. The Council can spend money in different areas or to spend the total amount within the allocated amount and are not necessarily bound by a specific line item.

Motion seconded to add \$80,000 to the budget specifically in reference to the area of fire and specifically with respect to providing some additional funds for the hiring of some paramedics.

Mr. Thomas asked a paramedic to address the position. John Leary, Fairlane Drive, full time paramedic for the Town, explained briefly the 3 classes of EMS.

**Bedford Budgetary Town Meeting Minutes-
March 4, 1998 - Page 5**

One is an EMT basic; one is EMT Intermediate; and the highest level is Paramedic. The difference in hours of training is 1,000 hours from an EMT basic to Paramedic. The paramedic can provide advanced cardiac life support and pediatric advanced life support. They are trained in pre-hospital trauma life support as well as the additional advanced assessment for shock and everything that goes along with the education and clinical portions. The difference in the level they can provide as a paramedic is the ability to bring the emergency room to a home or wherever the emergency might occur.

Mr. Miville said at one point you were a fireman and an EMT. Are we hiring full time people as fireman/paramedics or are they still being hired as fireman/EMT. Mr. Miville said at one time the full timers all had to be at least an EMT. Mr. Scanlon said the full timers are hired under the old criteria as a level 3 firefighter/EMT basic. Now the full time firefighter will change because they did away with the level 3. They only have to be an EMT basic. The difference between hiring a person that is a paramedic is the course is \$5,000, every Saturday for a year, 800 hours of clinical time, and they have to do it on their own time. Your chances of survival are greater with a paramedic.

The paramedic is bringing whatever the emergency room doctor would do while the EMT is packaging you up and getting you to the emergency room as fast as possible.

Jim Flora, Hitching Post Lane, asked if the Council considered this option, and what was their rationale for not including it in the budget. Mr. Stonner said the budget process started back in August. During this process the Fire Chief came up with a restructuring program to address what he felt had to be done to bring the staffing up. The solution the Fire Chief offered and what the Council accepted was 2 new hires. This would allow 3 firefighters 7 days per week from

6 AM to 6 PM with additional daytime coverage at Hilltop of 2 more firefighters. A great deal of thought went into this. If there are suggestions for next year, they are welcome. What the Council feels we have here is a package that will bring the staffing level up to what the Town needs today, and we review this every year.

Don Inglis, 54 Holbrook Hill Road, said the Police Dept. is \$1.6 million and the Fire Dept. is \$1 million. He suggested the Council review these 2 budgets and fund the new positions in the Fire Dept. by reducing the positions in the Police Dept. Mr. Scanlon said the 2 new men they are getting this year they currently already have one of those positions in place as a temporary full time position. We are talking about numbers. You can have 5 or 6 firefighter/EMT's on duty, but that doesn't resolve the problem that when you need a paramedic, you need a paramedic. A firefighter/EMT is not going to substitute. The numbers aren't the point. It is the service. This is not a luxury any more.

Mr. Goldberg is proud of the way the Council works and plans for the future, and these concerns should be addressed to the department head and brought to the Council so they can have full exposure and debate. He believes strongly in the budget presented, and he would not want to go out and spend money based on a 10-minute debate before the Council has had the time and effort put into study this problem. The Council is willing to listen to anyone, and all their meetings are open. He said the Council in 1998 is looking into something they can do for ambulance service with insurance to get funding. He does not believe we should react at an emotional debate without all the facts presented. He is glad these ideas are here, and they will pursue it.

Mr. Comiskey said in looking at the overall budget for the Fire Dept. there is an overall decrease of \$100,000. He asked if that represents the insurance. Mr. Goldberg said

**Bedford Budgetary Town Meeting Minutes-
March 4, 1998 - Page 6**

that is true in most departments because they have moved the insurance. Mrs. Robersen said there is also a big piece of equipment that was purchased last year which is not there this year. Mr. Comiskey asked if these budget figures are the ones that were presented and discussed with Chief Clow. Mr. Goldberg said yes. Mr. Comiskey asked if the Chief has the opportunity to hire the firefighters. Mr. Goldberg said in the past we have put people on part way through the year if the need is there. The Council met with Chief Clow and had 2 public hearings on the budget. If the public felt strongly about this they could have brought it up there to give the Council the opportunity to give it the analysis the people deserve before voting on it. Mrs. Robersen said the Chief can hire.

Ken Belleville, 95 Sebbins Pond Drive, agrees the Council does a lot of work on the budget. He wonders why we are here if we cannot bring up ideas. We are going to vote on this tonight, so there wouldn't be any use for them if they weren't able to bring up ideas. He doesn't agree we should bring these people on, but he should be allowed to bring it up and we ought to be able to discuss it. He asked in the budget for 2 people, he is assuming paramedics would cost more than an EMT basic. Mr. Scanlon said they are paid \$1,000 a year incentive. Mr. Belleville asked if the amount we have appropriated would cover paramedics if the Chief chose to. Mr. Danielson said we did not come by this budget by accident. There was a lot of thought put into it. Your comments were right. This is an opportunity for us to get more ideas. The plan that Chief Clow put together for years ahead is a superb first document for the Council to look forward too. When Chief Clow shared it with the Council they said this is the essence of a master plan for the fire service and safety service into the future. Mr. Danielson said the Council is not insensitive to this type of discussion.

Roy Stewart moved the question. Vote on the amendment failed.

Fire - Hilltop	\$ 55,425
Building Inspection	78,681
Emergency Management	2,500
Fire Hydrant Rental	52,500
Public Works - Administration	115,703
Public Works - Road Resurfacing	737,072

Charles Lagasse, Wallace Road, said he spent the last 5 months working with the Town Council and Highway Safety Committee on a proposal to include pedestrian right-of-ways along the reconstructed roadways such as Liberty Hill which is coming up this spring. As of yesterday at the Safety Committee, it is still sitting in limbo, and they are going to study it further. Mr. Lagasse said it isn't going to work if they resurface and rebuild Liberty Hill Road without doing it this year. It will never get one. He said we won't be able to walk to the new park unless we have safe walkways along the roads. He proposed to increase the road resurfacing budget by \$35,000 and decrease the park budget by \$35,000 so we can walk to the park.

Moderator Van Loan does not think either of these are restricted items. Mrs. Robersen said the park is an enterprise fund and can only be spent for that purpose.

Mr. Lagasse moved to increase road resurfacing by \$35,000; motion seconded;

Moderator Van Loan announced at 8:20 PM that the polls are closed on Article 4, and the ballots will be counted.

Mr. Stonner said they have been looking at these proposals and have tried to come to a consensus on the safety aspects. There are some state laws governing this. You are not supposed to comingle joggers, walkers, bikers, roller skaters, roller bladers, on one surface like that. There are also state laws regulating bicycles where they have to go with the flow of traffic unlike pedestrians who walk against the flow of traffic. This proposal is taking one stretch of Liberty Hill Road,

Bedford Budgetary Town Meeting Minutes- March 4, 1998 - Page 7
--

3500 feet, starting nowhere and ending nowhere, and building a walking path or a bicycle path on the side of the road. If we follow state standards, what we would have to do is it would have to be a 4-foot section on each side of the road, and on the far side of that would have to be one foot of a dirt base to support the pavement. Liberty Hill Road is a very old road with a narrow right-of-way. Bedford streets today are built to standards of a 24-foot width. Much of Liberty Hill Road is only 21 feet. With the slopes and stone walls and privately owned land on each side we can't even get a 24-foot road in there in many places. The \$35,000 is an estimate. If that was one straight stretch of road we could probably do it for \$25,000 to \$30,000. But when you talk about blasting and ledge, you could be talking 2 to 3 times that amount. The other problem is it has to be continuous, not stop and start. There were some residents at a Council meeting who said they would not give or sell any of their land because they are so close to the street now, that they did not have any land to part with. We cannot take the land by eminent domain for this purpose. Mr. Stonner recommends voting against it. We cannot do it and do it the way it should be done by state and community standards.

Vote on motion to increase the budget by \$35,000 failed.

Moderator Van Loan announced the results of voting on Article 4 as 79 yes and 9 no, so the article passed by a 2/3 vote.

Public Works - Highway	\$796,194
Public Works - Winter Maintenance	332,123
Public Works - Traffic Control	67,500
Public Works - Solid Waste	494,730
Public Works - Landfill	-
General Assistance	50,000
Social Service Agencies	12,000

Recreation - Administration	50,694
Recreation - Programs	41,633
Recreation - Pool	62,963
Recreation - Fields	165,500
Recreation - Community Center	-
Bedford Community Television	-
Library	598,548

Margaret Comiskey, 40 Maple Drive, asked if this has dropped because of changes in payment on the bond and not in terms of the actual money that is being budgeted for services. Mr. Goldberg said yes.

Mr. Inglis asked how much the bond payment is each year. Mrs. Procopis said the 1998 principal will be \$110,000 and the debt interest will be \$109,395. This year there is a decrease in the payment of \$65,000. The other reason why it looks like there is less money is because the insurance was taken out of the budget. The programs are still there.

Town Events	\$ 11,000
Conservation Commission	201,550

Mr. Everhart asked what is the \$200,000 increase. Mr. Riley said the actual portion of the budget is \$1,550. The other \$200,000 is an in and out item. Approximately 6 or 7 years ago the Town Meeting voted to take a portion of all current use fees and set them aside in an escrow account for the acquisition of conservation or open space land. We cannot purchase property unless the money has been allocated. We are allocating \$200,000 from the escrow account and should a piece of property come up that we want to maintain as open space, we will have the money.

Bedford Regional Econ. Dev. Corp.	1,000
Interest on Short Term Notes	-

Mr. Goldberg said that used to be \$60,000 or \$70,000, but the way we are managing the funds we have not had to borrow money.

**Bedford Budgetary Town Meeting Minutes
March 4, 1998 – Page 8**

Total 1998 General Fund
Appropriations \$8,857,415

Police - Special Details	300,000
Recreation - Day Camp	71,026
Bedford Community Television	45,000
Bedford Center Park	350,000
Chubbuck Road Landfill Closure	500,000
Public Works - Sewer	870,552

Total 1998 Municipal Budget
Appropriations \$10,993,993

Vote on budget of \$10,993,993 passed unanimously. A motion was made, seconded and passed to adjourn at 8:30 PM.

1998 Zoning Amendment Results

No. 1 To amend Official Zone Map to expand Highway Commercial District identified as Map 20 Lot 8 – **Passed.**

No. 2 To consider as undivided parcel - contiguous non-conforming lots in single ownership after March 13, 1991 – **Passed.**

No. 3 To allow gasoline stations in PZ zone by Conditional Use permit of Planning Board – **Passed.**

No. 4 To apply civil penalties not to exceed \$275.00 per day for violations of Zoning Ordinance – **Passed.**

No. 5 To allow the ZBA to grant equitable waivers of dimensional requirements as provided under state statute – **Passed.**

No. 6 To establish new criteria for siting of gas stations in Route 3 Corridor PZ Zone – **Passed.**

No. 7 To rezone a parcel of land on Route 114 and White Ave. to Highway Commercial – **Passed.**

SUPERVISORS OF THE CHECKLIST

As of November, 1998, the voting list recorded **2,285** Democrats, **5,468** Republicans and **2,481** Undeclared, for a total of **10,234** registered voters.

The Supervisors hold evening and Saturday sessions for registration of voters before each election. These sessions are posted in the Town Office, the Library, and published in local newspapers. Residents may also register or change their party at the Town Offices during regular office hours. Eligible residents are also allowed to register or change their party at the Town Office during regular office hours. Eligible residents are also allowed to register to vote at the polls on voting days. The Supervisors wish to thank Edith Schmidtchen, Town Clerk, and her staff for handling the majority of the registrations.

Respectfully submitted by Supervisors of the Checklist,

Betty Folsom - Chairman
Dorothy L. Witzel
Norma Sedgwick

TOWN OF BEDFORD 1999 WARRANT

To the inhabitants of the Town of Bedford in the County of Hillsborough in the State of New Hampshire qualified to vote in Town Affairs:

You are hereby notified to meet at McKelvie School on Tuesday, March 9, 1999 at 7 o'clock in the forenoon to act on the following articles numbers 1 and 2. Polls are to close no later than 7:00pm. Action on the Town Budget Article 3 will be held on Wednesday, March 3, 1999 at 7:00pm at the Town Hall (70 Bedford Center Road).

Article 1. To elect necessary Town Officers for the ensuing three years.

Article 2. To see how the Town will vote on the following zoning amendments.

ZONING AMENDMENTS PROPOSED BY THE PLANNING BOARD:

AMENDMENT NO. 1 Are you in favor of the adoption of Amendment No. 1 as proposed by the Planning Board for the Bedford Zoning Ordinance as follows: To amend Article 45-4, USE AND DIMENSIONAL REGULATIONS, Section 45-4-2(f) Supplemental Provisions, by deleting (1) Home Occupations in its entirety and substituting the following:

(1) Home Occupations

In zoning districts which permit the establishment of a home occupation, there shall be two classes of home occupations identified as Level I and Level II. All home occupations must comply with the following provisions:

- a. Not more than one (1) commercial vehicle in connection with such home occupation shall be stored on the premises;
- b. No more than thirty percent

(30%) of the existing net floor area of the principal building shall be devoted to such use;

c. There shall be no display of goods or wares visible from the street;

d. The building and premises occupied shall not be rendered objectionable or detrimental to the residential character of the neighborhood because of exterior appearance, traffic, emissions of odor, smoke dust, noise, electrical disturbance, on-site storage of hazardous materials as determined by the Bedford Fire Department, or in any other way;

Level I home occupations do not require a permit from the Planning Board as long as the following provisions are met:

- a. There shall be no non-resident employees;
- b. The use shall generate no additional vehicular traffic;
- c. The home occupation shall not advertise with a sign on the premises.

All other home occupations shall be defined as Level II home occupations and shall require a Home Occupation Permit hearing and approval from the Planning Board. The following provisions shall apply specifically to Level II home occupations:

- a. The home occupation shall be carried on strictly by the owner of the principal building, who shall also reside in said building. Should the owner move his/her residence, the home occupation must be discontinued within three (3) months;
- b. No more than two (2) non-residents shall be employed or otherwise engaged in the conduct of the business therein;

**ZONING AMENDMENTS PROPOSED BY
THE PLANNING BOARD:
AMENDMENT NO. 1 – continued**

- c. A minimum of two (2) off-street parking spaces shall be provided plus one and a half (1 ½) spaces per employee;
- d. If the home occupation is a day care facility, a minimum of fifty square feet (50 sq.ft.) of outside play area for each enrolled child shall be provided. No portion of the outside play area shall be located within twenty-five feet (25 ft.) of the side or rear property lines. In addition, off-street parking must be provided for employees plus an appropriate off-street area for drop-off and pick-up of children must also be provided;
- e. Septic system design/capacity for home occupations that utilize large water or waste water volumes, such as day care facilities, hair salons, and catering services, shall be verified in writing by a licensed NH Septic Designer or a Professional Engineer;
- f. A Certificate of Occupancy for the proposed use shall be issued by the Building Inspector to verify conformance with the preceding standards.

[This amendment is intended to eliminate the need for some home offices to obtain a permit from the Planning Board.]

AMENDMENT NO. 2 Are you in favor of the adoption of Amendment No. 2 as proposed by the Planning Board for the Bedford Zoning Ordinance as follows: To amend Article 45-6, CLUSTER RESIDENTIAL DEVELOPMENT by deleting Section 45-6-3 (d) Home Occupation Prohibition.

[This amendment is intended to allow home occupations in detached dwelling units located within a cluster residential development.]

AMENDMENT NO. 3 Are you in favor of adoption of Amendment No. 3 as proposed by the Planning Board for the Bedford Zoning Ordinance as follows: To amend Article 45-11 SIGNS, Section 45-11-1, General Provisions, by adding a new sentence to paragraph (a) as follows: **No sign, including its structural supports, shall exceed a height of twenty feet (20') above the finished grade where the support is mounted.**

[This amendment is intended to create a height limitation for new signs outside the PZ zone.]

AMENDMENT NO. 4 Are you in favor of adoption of Amendment No. 4 as proposed by the Planning Board for the Bedford Zoning Ordinance as follows: To amend Article 45-11 SIGNS, Section 45-11-1, General Provisions, as follows: By deleting paragraph (d) and inserting a new paragraph (d) as follows: **(d) Advertising signs indicating the coming of a development and permanent subdivision identification signs shall not be allowed until final approval of the project by the Planning Board, and the Planning Board may approve the signage specifications on an individual basis.**

By deleting paragraph (e) and inserting a new paragraph (e) as follows: **(e) Portable signs shall not be allowed in any district except as noted in paragraph (n) below.**

By deleting paragraph (f) and inserting a new paragraph (f) as follows: **(f) Permanent off-premise signs shall not be allowed in any district.**

By deleting paragraph (n) and inserting a new paragraph (n) as follows: **(n) Temporary banners or temporary signs for events shall be regulated by the Bedford Town Council.**

**ZONING AMENDMENTS PROPOSED BY
THE PLANNING BOARD:
AMENDMENT NO. 4— continued**

[Paragraphs (d), (e), and (f) are amendments intended as housekeeping measures to maintain consistency in the Sign Ordinance. Paragraph (n) is intended to allow temporary signs for pancake breakfasts and other one-time events, in addition to the temporary banners that are currently allowed through a permit from the Town Council.]

AMENDMENT NO. 5 Are you in favor of the adoption of Amendment No. 5 as proposed by the Planning Board for the Bedford Zoning Ordinance as follows: To amend Article 45-11 SIGNS, Section 2, District Regulations for Signage, by inserting the following in (c) Commercial District, (d) Office District, (e) Service Industrial District, (h) Highway Commercial District, and (i) Performance Zoning District, and by inserting the following in Figure 45.19, Table of Performance Zone Sign Standards:

Any wall sign or freestanding sign located 150 feet or more from the edge of any street right-of-way providing frontage to a lot may increase the sign area by utilizing a formula of: $\text{Distance in feet} / 4.25 = \text{allowable area of sign.}$

[This amendment is intended to allow buildings and ground signs that are set back long distances from roadways to have signage which can be adequately read by passing motorists.]

AMENDMENT NO. 6 Are you in favor of the adoption of Amendment No. 6 as proposed by the Planning Board for the Bedford Zoning Ordinance as follows:
To amend Article 45-11 SIGNS, Section 3, Political Signs, by deleting the existing text and inserting the following: **Political signs shall conform to all New Hampshire State Statutes,**

including R.S.A. 664:14 through 664:18 and as may be amended, and enforcement shall be through the Office of the New Hampshire Attorney General.

[This amendment is intended to eliminate local enforcement of State of NH statutes regarding political signs.]

AMENDMENT NO. 7 Are you in favor of the adoption of Amendment No. 7 as proposed by the Planning Board for the Bedford Zoning Ordinance as follows: To amend Article 45-4, USE AND DIMENSIONAL REGULATIONS, Section 45-4-1 (k) Capital Facilities Fees, (1) a., by changing the paragraph as follows:
a. Public recreation land and facilities (excluding permanently unimproved open space) to serve **all new subdivisions and site plans that create new dwelling units, excluding nursing homes and assisted living facilities.**

[This amendment is intended to enable the Planning Board to levy a Recreation Capital Facilities Fee on all new housing developments in Bedford where the residents are likely to use Town recreation facilities.]

AMENDMENT NO. 8 Are you in favor of the adoption of Amendment No. 8 as proposed by the Planning Board for the Bedford Zoning Ordinance as follows: To amend Appendix 45-D, RECREATION CAPITAL FACILITIES FEE ASSESSMENT as follows:

(b) Assumptions. Add the following sentence to (3) **Where a Recreation Capital Facilities Fee is being assessed on housing other than detached single-unit dwellings, the best available data on average household size shall be used to establish "persons per dwelling unit" by the Planning Board.**

**ZONING AMENDMENTS PROPOSED BY
THE PLANNING BOARD:
AMENDMENT NO. 8– continued**

(c) Formula. Modify the formula as follows:

**Recreation Fee = [(Persons) x (Units) x
(Acres) x (Cost) x (1 – Grants)]**

Where:

**Persons = Number of persons per
dwelling unit, based either on the
average household size for Bedford as
listed in the most recent decennial census
OR based upon an estimate as
determined by the Planning Board.**

**Units = Number of new dwelling units in
a proposed development for which a
Recreation Capital Facilities Fee is being
assessed.**

[This amendment is intended to recognize that various types of housing, such as apartments, townhouses, or single family homes may have a different average household size. The Planning Board may use best available estimates of the household size when levying the Recreation Fee.]

**ZONING AMENDMENTS PROPOSED BY
CITIZEN PETITION:**

AMENDMENT NO. 9 The undersigned registered voters of the town request that the zoning ordinance of the Town be amended by adding the following provision(s) and deleting any provisions inconsistent therewith:
To amend Article 45-3 ESTABLISHMENT OF DISTRICTS, Section 45-3-2, Location of Districts, as follows: To amend the Official Zoning Map of the Town of Bedford, NH by expanding the Commercial District on Route 101 to include a certain parcel of land owned by Thomas J. Flatley, identified as Tax Map 13, Lot

38, containing 4.5 acres, more or less; said parcel of land being bounded on the south by Route 101, on the west by Old Bedford Road and on the east and north by Tax Map 10, Lot 23 (said Tax Map 10, Lot 23 is zoned Commercial). This amendment is intended to expand the Commercial Zone to include, within the Commercial Zone, the parcel of land located at the corner of Route 101 and Old Bedford Road which abuts land located in a Commercial Zone but is currently zoned Office.

*THE PLANNING BOARD APPROVES
ADOPTION OF THIS AMENDMENT.*

AMENDMENT NO. 10 The undersigned registered voters of the Town of Bedford do hereby petition and request that the Zoning Ordinance of the Town be amended by voting to reverse the vote passed at the March 10, 1998 town meeting expanding the highway district, as follows: Amend Article 45-3 ESTABLISHMENT OF DISTRICTS, Section 45-3-2 Location of districts, as follows: Amend the Official Zone Map of the Town of Bedford, NH, by reducing the size of the Highway Commercial district on Route 101, adjacent to Map 20 Lot 8 [Mobil Gas Station property] said area being wholly owned by the Town, in the following particulars: Retract the northeasterly boundary line of said Highway Commercial district approximately 35 feet to the southwest to the northeasterly boundary line of the Mobil property, and retract the northwesterly boundary line of the Highway Commercial district approximately 100 feet to the southeast to the northwest boundary line of the Mobil property, for a total reduction of the highway commercial district of approximately 22,000 square feet; the property affected is owned solely by the Town of Bedford and shall revert to its former designation as being within the residential – agricultural zone.

**ZONING AMENDMENTS PROPOSED BY
CITIZEN PETITION:
AMENDMENT NO. 10— continued**

[This petitioned amendment is intended to reverse the zoning amendment voted March 10, 1998 enlarging the Highway Commercial District to enable Mobil Oil Corp. to purchase 22,000 sq. ft. from the town in order to expand its facilities and include a larger convenience store and a fast food and yogurt operation; Mobil Oil Corp. has not purchased the property and has announced its abandonment of plans to do so.]

**THE PLANNING BOARD APPROVES
ADOPTION OF THIS AMENDMENT.**

AMENDMENT NO. 11 The undersigned registered voters of the Town of Bedford hereby request that the Zoning Ordinance of the Town be amended by adding the following provision and deleting any provisions inconsistent therewith: This petition is to amend the Zoning Ordinance such that "Fast food restaurants", as defined in this Ordinance, which are located in the Highway Commercial Zone in the Town of Bedford, will not include drive-up or drive-thru service facility or offer curb service. Amend Article 45-4, "Use and Dimensional Regulations" so that, as amended, Appendix 45-A (Table of Uses) will include footnote numbered 32 after the letter "P" in the Use subheading "Commercial - Restaurant, Fast Food" in a Highway Commercial Zoning District, which footnote shall read as follows; "32. Shall not include a drive-up or drive-through service facility or offer curb service."

**THE PLANNING BOARD DOES NOT
APPROVE ADOPTION OF THIS
AMENDMENT.**

Article 3. To see if the Town will vote to raise and appropriate such sums of money as may be necessary to defray Town charges for the ensuing year.

Town General Fund.....	\$ 9,737,180
Police Contract Work.....	\$ 300,000
Summer Day Camp Fund.....	\$ 73,317
BCTV Fund.....	\$ 57,000
Sewer Fund.....	\$ 1,230,293
Total Appropriation.....	\$11,397,790

This warrant was approved by the Bedford Town Council on February 10, 1999.

Given under our hands and seal this 10th day of February, 1999.

Paul Goldberg, Chairman	
Richard Como	Jeanene Procopis
David Danielson	Thomas Riley

Town Offices - 1998

TOWN COUNCIL
Paul Goldberg, Chairman

The Town has maintained a stable tax rate for its portion of the Town Budget in 1999. Further along the lines of securing tax rate stability in future years, we have increased our cash reserves to approximately \$1.2 million dollars (from \$794,978), and started to re-establish capital reserves for Parks and Recreation, Public Works, and Fire Departments – to prepare for major capital acquisitions in the future.

The Town has managed to increase its assessed valuation this year by over \$70,000,000, the second time in two years, through growth consistent with careful planning review and sound zoning regulations.

In December, Council approved the hiring of RKG to conduct our Ten Year Master Plan effort, to be supplemented with a Sewer Plan Update conducted at the same. The Master Plan will guide town planning, zoning, economic development, and scope of community services for the next ten years. We look forward to your involvement in this planning process.

On behalf of Town Council I'd like to thank all who have made our programs and activities possible this year – volunteers and staff.

Presentation of Boston Post Cane to Mrs. Cecelia Brock by Paul Goldberg, Chairman

TOWN MANAGER
Catherine Debo

When hired last March, my first official introduction to residents was at the March Town Meeting. Town Council had made plans for former Town Manager Artie Robersen to remain as a consultant for several months to assure a smooth transition. I am grateful to Council, Artie, and Department Heads for the warm welcome and assistance they gave me during the transition period.

During the year, I've worked to meet Town Council objectives:

- maintaining a stable tax rate for 1999,
- increasing our cash reserves in 1998,
- starting our ten year Master Plan process,
- supporting an aggressive roads program (without bonding) for 1999,
- preparing for staff and organizational changes in the Town Clerk/Tax Collector Department in March,
- supporting opportunities for our recreation program to grow,
- building management skills in the Fire Department, and
- finding ways to maintain or improve quality of life in the community.

To address this last objective, I've been actively involved in:

- working with Police Chief David Bailey, the Highway Safety Committee, and the NHDOT on safety and signage issues on Route 101 and on local roads;
- working with Fire Chief Joe Clow to provide resources, opportunities, and incentives for staff to obtain advanced EMT and other training necessary for top notch emergency services in our community; and
- promoting, through Planning Dept. staff and a volunteer committee, development of a Conservation/ Preservation priorities listing process to give the Town guidance in considering property acquisitions. Obtained Council support for acquisition of the Benedictine property for open space and specified recreational and other uses.

PLANNING BOARD
Paul Drahnak, Chairman

Again in 1998, the real estate development boom continued in Bedford; however this year there was a marked decline in new commercial and industrial projects, as well as a sharp decrease in residential condominium and rental apartment developments. Housing for the elderly was the largest segment of new applications reviewed by the Planning Board, with 108 lots for residents over the age of 55 approved, and 70 new units of elderly assisted living quarters approved.

Final approval was granted for:

- 20 Subdivision Plans, including 210 residential lots and 8 com./industrial lots;
- 10 Lot Line Adjustment Plans;
- 5 Site Plans – 62,486 sq. ft. new commercial/industrial buildings or additions;
- 2 Site Plans – 70 elderly assisted living quarters;
- 4 Site Plans – 3,320 sq. ft. change-of-use commercial/industrial buildings;
- 1 Site Plan – New Elementary School;
- 5 Home Occupation Permits;
- 1 Communications Tower; and
- 38 Misc. Plans – concepts, sign waivers, etc.

Major developments reviewed included:

- The Mews – 108 residential lots for over-55 living;
- Newton Group – 60 elderly assisted-living apartments;
- Sheffield Woods - Cabot Preserve Comprehensive; and
- Plan for a 114 – lot cluster subdivision.

Your Planning Board is dedicated to the promotion of quality development which will have lasting value, both economically and aesthetically, for all of the property owners and residents in Town. Towards this end, we have been honored to serve the Town.

PLANNING DEPARTMENT
Karen White, AICP, Director

The economic health of Bedford continued to be vibrant in 1998, and for the first time in Bedford's history, elderly housing began to take the center stage, with 178 new units (either single-family or assisted living) approved by the Planning Board. As the "baby boomers" begin to age, it is likely that many more applications for empty-nester housing alternatives will be proposed in Bedford.

Zoning Administration

Planner I Nancy Larson has assumed much of the responsibility for site inspections and investigation of zoning complaints. The waiting time for resolution of complaints has been significantly reduced, and Nancy has developed a cooperative effort with the NH Wetlands Bureau for response to wetlands violations.

Year 2000 Master Plan

After many months of interviewing candidates and negotiating proposals, the Town Council and Planning Board have selected RKG Associates of Durham, NH to guide the preparation of Bedford's new Master Plan. RKG's proposal includes some innovative "visioning strategies" for projecting how our community's remaining land areas will be used. Activity is expected to begin on this year-long project in January of 1999.

SOUTHERN NEW HAMPSHIRE
PLANNING COMMISSION
Moni Sharma, Director

The SNHPC has a wide range of services and resources available to help dues-paying members deal with a variety of municipal issues. Technical assistance is provided by a professional staff whose expertise is, when necessary, supplemented by consultants who are selected for their specialized skills or services. Each year, with the approval of your appointed representatives, the Commission staff designs and carries out programs of area-wide significance that are mandated under New Hampshire and federal laws or regulations, as well as local projects which would pertain more exclusively to your community.

Technical assistance is provided in a timely manner by staff at the request of your Planning Director and the Town Council. The Commission conducts planning studies and carries out projects that are of common interest and benefit to all member communities, keeps your officials apprised of change in planning and land use regulation, and offers training workshops for Planning and Zoning Board Members on an annual basis. Services performed for Bedford during the past year are as follows:

1. Co-sponsored Municipal Law Lecture;
2. Conducted traffic counts at 26 Town locations;
3. Prepared the Regional Transportation Plan and draft Transportation Improvement Program FY1999-2001, including highway projects in Bedford;
4. Prepared a traffic circulation plan for the Route 3 upper corridor per request of the Planning Director;
5. Provided a video concerning Earth Excavations for the use of the Planning Board.

Bedford's Representatives to the Commission are: David J. Danielson, Executive Committee - Chairman, Eugene M. Van Loan, Jr., and Edward P. Moran, Jr.

ZONING BOARD OF ADJUSTMENT
Sandra LaMontagne, Chairman

In 1998, the ZBA heard 43 applications for variances, special exceptions, equitable waivers, and administrative appeals. Six commercial and 18 residential requests were approved. Twelve commercial and seven residential requests were denied.

The Zoning Administrator handles public inquiries regarding zoning questions and advises citizens on application procedure. The Board hears evidence for and against variances, appeals from administrative decisions, and approvals of special exceptions. After hearing the evidence, the Board discusses the requests and votes in public session. Planner I - Nancy Larson, attends our meetings and provides information to Board members on the applications.

When an applicant makes a presentation before the Board for a variance, the following five criteria must be addressed:

1. No diminution in value of surrounding properties would be suffered.
2. Granting the variance would be of benefit to the public.
3. Denial of the variance would result in unnecessary hardship to the owner seeking it.
4. By granting it, substantial justice would be done.
5. Use must not be contrary to the spirit of the ordinance.

Applicants not present at a meeting who wish to have someone speak for them must give written authorization for the representative.

Scheduled applicants wishing a postponement must do so within seven working days before the meeting and must pay for notification of abutters of the change, or the applicant will not be heard for six months. Anyone may appeal a Board ruling in writing within twenty days. The Board then has thirty days to determine if it will grant a rehearing based on new information in the request.

HISTORIC DISTRICT COMMISSION

Maurice E. Goulet, Chairman

The HDC held 10 meetings and reviewed 19 applications this year. Applications included a new home on Bedford Center Road, creation of the Bedford Center Park, numerous alterations to existing homes, and various signs in the District.

Member Kevin Keyes was appointed to serve on a subcommittee to identify land and heritage preservation properties of potential value to the Town. In addition, we welcomed the opening of the Marconi Museum in the heart of the Historic District.

The first Bedford Historic District sign was erected at the foot of Church Road. During 1999, street signs in the District will be changed to this new distinctive style – in time for the Town's 250th anniversary celebration in the year 2000.

My thanks go to current Commission members Kevin Keyes, Marilyn Otterson, Paul Drahnak, Edward Moran, Raymond Minichiello, Elizabeth Lessard, Jon Levenstein, and Staff Liaison Frances Wiggin, as well as to former Commission members Jeanene Procopis, Laurence Gott, Steven Korkin, and David Bailey – for their assistance.

In 1999 we look forward to working with other Town groups in planning for Bedford's 250th Anniversary in the year 2000 AD.

CEMETERY TRUSTEES

Robert Sundeen, Chairman

Robert Sundeen & Doris Peck Spurway

In Oct., 1998, the Trustees announced that effective Jan. 1, 1999 – the price of a traditional four-place plot would be raised from \$1000 to \$1,200, with the division of a plot at one half the cost - \$600. The Trustees receive many inquiries concerning the use of flowers, plantings, etc. in the cemetery. As a help to understanding the regulations, we quote from the official by-laws:

- The in-ground planting of plants, shrubs, and trees are prohibited on cemetery lots.
- Live vegetation is permitted if placed in an urn or pot.
- **Artificial flowers of all types are not allowed.**
- Twice annually, before May 1st and November 1st, flowers or temporary decorations no longer considered attractive will be removed by the custodian.
- Admission to the cemetery is prohibited from sundown to sunup.
- Unless otherwise permitted by weather conditions, burials will not be conducted after December 1st and before May 1st.

Remaining work in the next two years in the expansion area at the top of the hill is:

- Layout of driveways.
- Installation of water lines.
- Enhancing the present cistern with a suitable structure;
- Getting the electric power to this structure;
- Plantings for an attractive appearance;
- Laying out and numbering grave sites in plots of two per section, with an additional section for single burial plots.

There have been 19 burials this year. Eight cemetery plots have been sold of which five were two-place and three were four-place. One replacement deed was written and one four-place plot was returned and reimbursed.

Four cemeteries in Bedford are cared for by a Superintendent under the direction of the Trustees.

PARKS & RECREATION
DEPARTMENT & COMMISSION

Scot Pollock, Chair
Brian Ross, Director

Legacy Park is becoming a major recreation area in Bedford. The softball field came into use in April. The soccer field was used in the fall season. Cross-country ski trails are currently being used. The skateboard park should open in the Spring of 1999. The senior baseball field will be finished in 1999. Tennis courts and a basketball court will be completed in 2000. Bedford Rotary Club built a warming cabin for use in all seasons. Bedford Soccer League paid for the field to be sodded. **Many thanks to the Rotary Club and Soccer League.**

Bedford's popular Heritage Trail will double in length next year – with contributions from developers. The pool was busy. Pool Director Dave Feren and staff did a great job, with 728 people taking swimming lessons this year.

We want to thank all who have made our programs and activities possible this year, with special thanks to:

- **Outback Steakhouse** for sponsoring a cookout at our Springfest, with proceeds going to Center Park Fund.
- **Bedford Village Inn** for sponsoring our "Bright Lights" Holiday decorating contest for the 7th year.
- **Prudential Habs Realtors** for sponsoring our Summer Family Cultural Series for the 7th year, attended by a record-breaking 1,800 people at six performances.
- **Creative Destinations Unlimited** of Bedford for a cooperative arrangement where the Dept. receives \$25 for each trip booked through the travel agency.
- **Bedford VFW** for sponsoring and organizing our Pre-Memorial Day Parade for over 10 years.

Our Simply Messy classes conducted by Nancy Tompkins and our Ballroom Dancing classes

taught by Betty Ouellette continue to be very popular.

This year Bedford Town Councilor Dick Como was recognized for his outstanding support of soccer in our community by the Bedford Soccer League.

Our programs are very successful because so many individuals and organizations generously contribute time, energy, and funding. In 1999 we will be getting ready for our 250th anniversary in the year 2000. **Please call** to volunteer your help in planning special events for our birthday year.

Bedford Sledding Hill

BEDFORD COMMUNITY TELEVISION
Cathy Burnham, Station Coordinator

BCTV-16 is part of the nationwide system of PEG Access Cable TV stations – broadcasting public, educational, and government programming to residents and businesses in Bedford. Located across from the Library and next to the Old Firehouse, the station offers residents the opportunity to produce local and regional TV programs. It also broadcasts a variety of Town and School Board meetings and runs an electronic bulletin board featuring local events. Every resident is welcome to participate. Call us at 472-8288.

BEDFORD POLICE DEPARTMENT

David C. Bailey, Police Chief

This year we are using a new software program to track accidents, arrests, and other incidents – helpful for reporting purposes. We were fortunate to receive a grant through the Attorney General's Office to install laptop computers for data entry by Officers in their cruisers. This allows officers to remain in the field longer while they complete necessary "paperwork". A further grant from the Federal Government in 1999 (approved in 1998) will give our Officers the ability to send and retrieve that data while in the field - for further efficiency. We pledge to continue to keep pace with this fast growing community, while continuing to be as economically efficient as possible.

Further on the grant front, the following is a summary of the number of officers funded (or to be funded) through federal COPS grants in each year of a 6 year period.

	<u>1996</u>	<u>1997</u>	<u>1998</u>	<u>1999</u>	<u>2000</u>	<u>2001</u>
# officers:	1	1	3	3	4	2

Cops grants are for a three year period and may be extended for up to 18 months.

Unfortunately, 1998 saw three deaths in two motor vehicle crashes on Route 101 and one on a Town road. In addition to providing vigilant enforcement, we continue to work proactively with Town and State Officials to improve traffic safety conditions in Bedford.

Dare Officers

**Sgt. David Davison, Off. William Donahue,
Off. Matthew Fleming**

Lastly, as always, I wish to thank all Town of Bedford Officials, employees and, of course, citizens for their help and cooperation during the year. We are truly a team. I also wish to thank Jerry Dyer who retired in 1998 after twenty years of dedication to the Department as a Dispatcher.

Vandalism	419

FIRE DEPARTMENT
Joseph M. Clow, Fire Chief

In 1998, Staff designed and began to implement a new Fire Safety Inspection Program for commercial, industrial, and institutional facilities and a Home Safety Inspection Program for residences – making 76 informational and instructional presentations in the community. During Fire Prevention Week, the Department co-sponsored an Open House with Papa Gino's Pizza where it showcased safety displays and demonstrations. Over 700 people attended.

During the year, personnel participated in 49 training sessions on varied topics including Emergency Medical Training, Hazardous Materials, Special Rescue, Driver/Operator, Fire Operations, Building Construction, and Administrative Procedures. Some obtained advanced EMT certifications. Town Council approved a change in ambulance fees and billing procedures to produce revenues for a capital reserve for ambulances and for further training of firefighter/ambulance personnel. Donations from the Bedford Women's Club, the Newcomer's Club, and Firefighter's Association made it possible to obtain Blood Pressure Monitor equipment for ambulance services. The Dept. obtained a new Rescue Pumper in December.

During the year, Staff worked on ambitious plans for implementation in 1999 to improve staffing, offer pay incentives for advanced EMT training, and for a capital program to replace aging fire-fighting equipment. Town Council endorsed these initiatives in its 1999 Budget process.

**REPORT OF FIRE WARDEN AND
STATE FOREST RANGER**

To aid your Forest Fire Warden, Fire Department and State Forest Ranger, call to find out if a permit is required before doing any outside burning. Violations of RSA 227-L:17, the fire permit law and other burning laws of NH are misdemeanors punishable by fines of up to \$2000 and/or a year in jail. Violators are also liable for all fire suppression costs. If you have questions regarding forest fire or timber harvest laws, call the NH Division of Forests and Lands at 271-2217. If you need info dealing with ice-damaged woodlands, please call 1-800-444-8978. Early fire detection and reports from citizens aid in quick response from local fire departments.

1998 Fire Statistics:

Fires reported in Hillsborough County: 232

Forest Fires reported statewide: 798

Acres damaged by fire statewide: 442.9

Causes statewide: Smoking-59, Debris Burning-38, Campfire-29, Power Line-14, Railroad-9, Equipmt-24, Lightning-16, Children-95, OHRV-6, Misc-53, Unknown-140, Fireworks-6, Arson/suspicious-16, Illegal-231, Rekindle-43, Disposal of ashes-19.

DEPARTMENT OF PUBLIC WORKS

Edward S. Kelly, P.E., Director

DPW has four divisions: Administrative, Highway, Solid Waste, and Wastewater. There are 20 full-time, 2 part-time, and 3 seasonal employees.

Highway Division

Paul Belanger, Superintendent/Asst. Dir.

In early months of 1998, we had 18 snow and ice storms, with millions of dollars of damage from ice – a result of El Nino. February was wet and mild. June was storm-filled. We called out employees on 23 occasions for exceptional weather conditions, with 5 storms taking 43.5% of our snow budget. Fortunately we had a mild winter late in the year to compensate for earlier months of the year.

The major contracted road project in 1998 was Phase II of Liberty Hill Road. Town crews spent the summer on general maintenance and drainage improvements in preparation for future rehabilitation and reconstruction. Roads paved included: Back River Road, Bayberry Court, Beaver Brook Rd., Beaver Lane, Beech Street, Blanford Place, Commerce Park North, Constance Street, County Road, Dam Lane, Devonshire Way, Golden Drive, Jackson Square, John Goffe Drive, Matthew Patten, Pheasant Run, Pinecrest Drive, Ruth Street, Seton Drive, Sunset Lane, Teaberry Lane, Woodbury

Lane, and York Rd.

The final phase (III) of Liberty Hill Road will be completed in 1999, with the wearing course (asphalt) to be placed over the entire length in the year 2000. Town Council has steadily been increasing the annual budget allocation for roads.

The State DOT will open bids for Kilton and Back River Road projects in the spring of 2000. The State has also made a commitment to build an Airport Access Road in the future.

Solid Waste Division

A major milestone was reached in November, 1998 with the completion of the Landfill closure – in accordance with approved NHDES plans. The Transfer Station continues to see increased activity and now handles six thousand tons of solid waste per year.

Wastewater Division

Stephen R. Crean,

Environmental Coordinator

Projects completed in 1998 include: Constance Street, Rosehill, Hawthorne Drive, the Murray Group and the continuation of Village Green. In 1999, we plan several laterals in the Route 3 corridor and an update of our sewer plan.

At closure of Landfill: Hydroseeding

BEDFORD PUBLIC LIBRARY

Frances M. Wiggin, Director

**Trustees: Robert Brooks, Parsons Richmond,
and William Wickham**

Our Library continues to serve as our cultural hub. We sponsor very popular children's programs including the Magic Story Castle, crafts projects, multi-media presentations, and summer reading programs – all in high demand. On the first Sunday of the month Friends of the Library offer free cultural programs, many of them musical. Quality programming is made possible thanks to contributing artists and tireless volunteer efforts lead by Sue Holstein.

Circulation stats are at an all-time high. Our homepage at www.bedford.lib.nh.us was accessed nearly 20,000 times in 1998. Through SearchBank, one of the more popular internet resources at the Library, library cardholders may locate magazine articles from their own computers. Through our Internet site, thousands of articles and other resource materials have been retrieved by cardholders from home, work, or as they travel globally.

Our four Internet workstations for public use in the Library were in high demand. We continue to sponsor training courses for residents in software and Internet use. Volunteers Philip Gray, Jack O'Reilly, and John Robinson, among others, assisted staff in these training programs. Bedford Lions Club donated high-tech equipment for hearing and sight-impaired persons using our Library resources. Staffperson Susan Rotch guides this highly praised reference and resource program.

Bedford Library Foundation continues to raise critical funds for the Library to supplement Town funds. In 1998, the Foundation purchased high-tech equipment, carpeting, and materials for exterior landscaping at the front entrance to the Library. We are very grateful to them. In August, our Head of Technical Services – Joanne Bossert, who had done a wonderful job, relocated to New York. Cindi O'Connor, formerly our Director of Children's Services,

transferred to this job, for which she is highly qualified. Lucia Albertson, formerly Assistant in Children's Services, is the new Director. Barbara Nagle and Ellen Zorawowicz assist her in the Department. Betty Folsom and Brynn Rehnborg keep Circulation moving smoothly. Staff are also active in the State, New England, and nationally – serving the public library community.

Many thanks to all of the individuals and organizations who contributed to our success this year. 33 weekly volunteers donated 6000 hours during the year. These efforts and those of our excellent staff make us very proud to be able to say that your Library, 209 years old, is well-positioned to meet the needs of our community as we enter the new millenium.

Review of "Dredge and Fill Applications" for impact to wetlands continued to be a major focus in 1998. After public meetings and site walks, the Commission proposed 19 applications with recommendations to the State Wetlands Bureau for its review.

Land protection was another major activity. With Commission approval, the Town acquired 14 acres of land contiguous to the entrance of the Pulpit Rock Conservation Area. In the spring, member Jim Lamp was appointed to meet with representatives from Town Boards and Commissions and from area organizations to prepare a conservation/preservation priorities list at Council request and in response to state initiative SB 493. In October, the Commission voted to recommend the acquisition of 27.4 acres of open space land known as the Benedictine property on Wallace Road.

The Commission wishes to thank retiring members Martin Glennon, Dave Hershey, Tom Ducharme, and D.J. Withee for their dedication. It also appreciates the work of Pulpit Rock Sub-Committee members Joe Szymanowski (Chair), Richard Moore (Chair 1992-1998), Ray Landry, Peter Delano, Robert Anderson, Jay Barry, Wm. Burns, Bill Ewing, Clark Gott, Karen Neumann, DeeDee O'Rourke, and Barbara Tufts, as well as past members Helen Evans, David Delisle, and Susan Tufts-Moore.

Pulpit Rock Sub-committee

This committee, which oversees the Pulpit Rock Conservation Area, has had many accomplishments this year: establishing a new trail, printing a brochure update, conducting a maintenance day for trails and bridges, re-posting "no hunting" signs, creating two small wildlife clearings with appropriate plantings, and conducting an annual educational walk in May - depicting the area's geology, its history as a tourist attraction, and fauna and flora of the area. As part of his Eagle Scout project, Seth Hamel will improve the Area campsite with two tent platforms.

1999 Town Council – Proposed Budget Summary

There is no increase for the Town portion of property taxes in the 1999 budget. The tax rate for the Town portion will remain \$2.71 per \$1000 of assessed valuation. Changes in Department budgets, noted below, reflect the Town's objective to continue providing quality services at appropriate levels in the community. Additional costs in the Budget are funded through cost savings elsewhere in the Budget and through new revenues.

- The **Police Department** budget provides funding for an additional patrolman, through a COPS grant; data communications equipment for patrol officers, through a federal grant; and a part-time clerk to assist the Prosecutor.
- The **Fire Department** budget provides Professional Incentive Pay for firefighters who obtain more advanced EMT training; pay range adjustments (the first since 1995) for personnel, funding for an additional firefighter, and a capital reserve to buy a new fire truck apparatus which will replace Ladder #1 and Engine #1. Training programs and a capital reserve for ambulances are funded by new ambulance fees that went into effect Jan. 1st.
- The **Public Works Department** budget provides additional funding for our road reconstruction and resurfacing program, and for hauling more trash from the transfer station - keeping up with the needs of a growing population.
- The **Parks and Recreation Department** budget funds further development of Legacy Park – with 50% of cost paid with recreation fees from developers; creates a capital reserve for rehabilitation of our community pool in 2002 – with 90% of cost offset by increased concession and swimming lesson fees; and allocates 12 hours of secretarial

time to the Department for scheduling, billing, and program assistance.

- The **Town Hall** budget provides funding for painting the exterior of Town Hall and installing sprinklers.
- The **Planning Board** budget funds professional services through fees charged to developers.
- The **Planning Department** budget includes funds for contract service for data entry in records retention software; and the first full year for a Planner I position for a staffperson transferred to the Department last year.
- The **Library** budget provides funding for a part-time reference Librarian and four hours of staff time on Saturdays. Funds are also provided for grounds maintenance and snow removal on sidewalks.
- The **Finance Department** budget provides additional funding for health insurance - reflecting major surgery costs in 1998. An improved experience factor in 1999 would help contain health care costs in 2000.
- The **Assessor's** budget provides funding for contract services to help measure and list properties.
- The **Conservation Commission** budget includes \$475,000 to purchase the Benedictine property on Wallace Road, funded through land use change tax revenues in the Conservation Fund. The Council and Conservation Commission have both approved use of these funds to acquire the property - meeting statutory requirements. The Bedford Land Trust will make a substantial contribution (approximately \$325,000) toward the purchase of this property and will receive a conservation easement in exchange for this contribution.

The following is a Digest of Significant Changes from the 1998 to 1999 Budget:

Cost Center	Item	Increased/(Decreased) Expenses
Assessing	Contract Services	\$ 10,000
Planning Board	Professional Services	\$ 20,000 (1)
Planning Department	Professional Services	\$ 10,000
Planning Department	Access Roads, Master Plan, Rte 3 sidewalks	(\$138,000)
Town Hall	Renovations	\$ 45,000
Finance	Health Insurance	\$115,000
Police Department	Added Staff: 1.5	\$ 30,945 (2)
Police Department	Communications equipment	\$ 77,000 (3)
Fire Department	Additional firefighter	\$ 23,980
Fire Department	Professional Incentive Pay	\$ 45,750
Fire Department	Pay Range Adjustments	\$ 13,800
Fire Department	Replacement protective uniforms	\$ 15,000
Fire Department	Equipment capital reserve	\$ 50,000
Public Works	Road reconstruction/resurfacing	\$ 62,928
Public Works	Tipping (hauling) fees - solid waste	\$ 73,000
Parks & Recreation	Capital reserve - pool rehabilitation	\$ 10,000
Parks & Recreation	Legacy Park development	\$ 25,000
Conservation Commission	Land acquisition	\$275,000 (4)
Administrative (5)	Miscellaneous	(\$110,098)

Notes: (1) fully funded w/fees from developers; (2) partially funded by COPS grant (\$18,750); (3) partially funded w/federal grant (\$57,000); (4) line item increase over last year; (5) Includes the following budgets: Town Council, Town Manager, Elections and Registration, Town Clerk/Tax Collector, Finance/Personnel, Legal Expense, Building Maintenance, Public Safety Complex, General Assistance, and Social Services.

ASSESSING DEPARTMENT

Donald A. Ingalls, Assessor

In 1998, the Town's gross assessed valuation increased \$70,820,789 - slightly greater than unprecedented growth experienced in 1997.

	1997	1998	% Total
Res	1,106,299,188	1,170,157,321	7.64%
Com/Ind	282,609,721	289,274,217	19.19%
Exempt	47,497,801	47,795,961	3.17%
Total	1,436,406,790	1,507,227,499	100.00%

A second measure of growth may be illustrated by the annual volume of real estate transfers within the Town. Figures supplied by the Department of Revenue Administration indicate that 725 transfers took place in Bedford between October 1, 1997 and September 30, 1998 compared to 577 for the previous period or a 25.65% increase. While these conveyances represent all transfers including non-market transactions such as trusts, related parties, etc. it is indicative of greater demand for real estate in the Town of Bedford.

A computer terminal located in the downstairs lobby near the Assessment Office allows taxpayers, real estate appraisers and other interested parties to research assessment records. The terminal is user friendly and will locate parcel information by owner name, street address, or map/block/lot number. Public reaction to the new terminal is very positive. Copies of individual assessment cards are also available for a nominal fee. Office and terminal hours are 8:00am to 4:30pm on weekdays.

Celebrating Halloween at Town Offices: Pauline Simard, Joanne Fraser, Don Ingalls, Catherine Debo, Karen White, Martha Gaudes, Edie Schmidtchen

BUILDING/HEALTH DEPARTMENT

William E. Hallock, CBO, Bldg. Inspector

Wayne A. Richardson, CBO, Assistant

1998 was a year of unprecedented growth for the Town. With growth, the department's work load grows. By the close of the year, the Department performed approximately 4000 inspections, issued more than 700 building permits and approved 250 new residential dwelling units for occupancy.

We have been fortunate this year to have laptop computers and printers available for data entry in the field. This equipment has increased our efficiency by eliminating duplication of effort during the permitting and inspection processes. As a result, the Department has been able to take on new work in the area of septic system reviews to help insure a healthy environment for residents. To keep up with knowledge of the code and enforcement issues, staff regularly attends training seminars. The Department strives to provide fair and equitable enforcement of the codes to provide a safe environment for people who live and work in the Town.

FINANCE AND PERSONNEL
DEPARTMENT
Keith Hickey, Director

The financial condition of the Town continued to improve in 1998. Growth continues to bring additional revenues to the Town. New revenues help us keep the tax rate stable. As a result of our good financial condition, Moody's rating service upgraded the Town's bond rating to Aa3. This rating is one of the best in the State for municipalities and allows the Town to borrow funds at attractive interest rates. As a result of the excellent rating and low interest rates in general, the Town was able to refinance its sewer debt - which will save about \$100,000.

In 1998, the Town established a web page. Our website - at ci.bedford.nh.us provides information about Town meetings, recreation programs, hours of operations, etc. and is linked to a number of other organizations' websites. If you have any suggestions for improvement of our website please e-mail me at finance@ci.bedford.nh.us.

The need for public assistance continues to be low, due largely to the healthy economy. Although the number of cases remains low, applications are complex and take a lot of time to process.

TOWN CLERK/TAX COLLECTOR

Edith P. Schmidtchen

It is with mixed emotions I sit down to write my final report as Town Clerk –Tax Collector for the Town of Bedford. After having served since 1977 in this position, I now feel I have earned my place on the list of retirees. I have seen the Town grow from a population of 3200 to 18,000 and go through a myriad of changes. I plan to remain in Bedford and pursue many of the activities I have not been able to enjoy due to lack of time. I wish to thank the townspeople for their support over these many years and will cherish all the fond memories for years to come. Best of luck to all my co-workers.

TAX COLLECTOR'S REPORT

Summary of Tax Sales/Tax Lien Accounts

Fiscal Year Ended December 31, 1998

DEBITS

INDEPENDENT AUDITOR'S COMMUNICATION OF REPORTABLE CONDITIONS AND OTHER MATTERS

To the Members of the
Town Council and Town Manager
Town of Bedford
Bedford, New Hampshire

In planning and performing our audit of the Town of Bedford for the year ended December 31, 1997, we considered the Town's internal control structure in order to determine the scope of our auditing procedures for the purpose of expressing our opinion on the financial statements. Our review of these systems was not intended to provide assurance on the internal control structure and should not be relied on for that purpose.

Under the standards established by the American Institute of Certified Public Accountants, reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control structure that, in our judgment, could adversely affect the Town's ability to record, process, summarize, and report financial data consistent with the assertions of management in the financial statements. A material weakness is a reportable condition in which the design or operation of one or more of the internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities, in amounts that would be material in relation to the financial statements being audited, may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might constitute reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses as defined above.

During the course of our review, the following condition was noted that was considered to be a material weakness as defined above:

TAX COLLECTOR

Listings of uncollected and unredeemed taxes as of December 31, 1997 could only be generated by the computer system at that date. Listings that were provided to us were dated at various times in January of 1998. Considerable additional audit time was expended in attempting to reconcile these lists back to December 31, 1997.

We recommend that Town officials contact the software vendor to correct the problem in the future.

Town of Bedford

Independent Auditor's Communication of Reportable Conditions and Other Matters

Minor weaknesses or other considerations coming to our attention were generally procedural in nature and dealt with administrative or recordkeeping practices. In these instances, we made specific recommendations or provided instruction to those individuals involved during the course of our audit fieldwork.

This report is intended solely for the information and use of management and others within the administration. This restriction is not intended to limit distribution of this report, which is a matter of public record.

April 29, 1998
